LASHER EXHIBIT

200 PERSONS VIEW COUNTRY SCHOOL'S SPLENDID DISPLAY.

BLUE RIBBON AWARDS

Miss Anthony, C. H. Belting and Geo. Wamsley, Judges of Display—Dinner Served to Large Crowd.

About 200 persons viewed the agricultural and domestic science exhibits at the Lasher school, southwest of Maryville, yesterday afternoon. Although this was the first exhibit of the kind ever held by the school, the display would have been a credit to any school with years of experience in handling such events.

The affair under the supervision of the teacher, W. H. Burr, had been planned since the opening of school. Mr. Burr, assisted by Mrs. Burr, conducts a course in domestic science, the lessons being given once a week. The exhibits in both the agricultural and domestic science lines were considered so far above the average that they will probably be entered in the contests that will be held during the meeting of the Joint Teachers' association.

The school house was gaily decorated for the occasion in yellow and green, the autumn effect being obtained by using autumn leaves, maize and kale. The displays were in separate sections, each department in charge of one person. Miss Ella O'Grady was in charge of the fancy work department, Mrs. Charles Barrow was in charge of the children's exhibits, and Mrs. Lloyd Martin took charge of the fruit and baking exhibits of those over 14 years of age.

The judging was in charge of C. H. Belting and George Wamsley, who awarded the prizes for the agricultural exhibits, and of Miss Hettie Anthony, who decided the prize winners in the domestic science exhibit.

Short talks were made by Miss Anthony, Prof. A. W. Cooper of the Maryville Business college, and by Bert Cooper, county superintendent of schools. Miss Anthony spoke on "The Standard of Foods," and urged parents and teachers to place before children the proper standards in the selection and preparation of foods. She said that the same care should be taken in selecting these standards of foods as is taken in the selection of moral standards for the building of character. She advised teachers to instruct children regarding what and how to eat and to impress upon them especially the purpose of food, which is not mainly to satisfy the appetite, but to supply the body with the necessary materials for growth and development.

County Superintendent Cooper made a few remarks concerning the value of a rounded education for boys and girls.

"Some of the most efficient boys and girls of today," said Professor Cooper, "are those who have been educated in the country schools. The great man in this day of high food prices is the one who can raise the best corn and the most hogs. We need more farmers than ever. The reason for the high cost of living today is that there are more consumers than there are producers, and because of this more boys must be educated as farmers and less as members of the professions. The country school with the modern equipment is a great factor in producing the well trained and efficient farmer."

At noon a dinner was served to the visitors and to the following guests from Maryville: D. R. Eversole, W. O. Garrett, Aaron Felix, George McMurry, W. C. Pearson, Joseph Jackson, Jr., Professor A. W. Cooper, Miss Blanche Gann, Mrs. Minnie Wrightman, Mrs. Burr, Mr. and Mrs. J. H. Eckles, Jim Carpenter and Bert Cooper.

FOR WILSON DAY

DEMOCRATS ARE CELEBRATING PRESIDENT'S ACHIEVEMENTS.

SPEECH AT SHADOW LAWN

Tells Crowd That Interests of Mankind Can Never Again be Served By Aggression.

Special to The Democrat-Forum.

Shadow Lawn, Long Branch, N. J., Oct. 28.—The Democrats in every town and hamlet in the United States are today celebrating Wilson Day.

President Wilson pronounced here today a formal address as part of the celebration of "Woodrow Wilson Day." Throughout the nation today this address will be read by prominent Democrats and celebrations of the achievements of the President will be held.

In his address, or "message," the President said that four years ago there were two parties in the field which were under the influence of progress and adjustment—the Democratic and the Progressive. Together they polled nearly ten and a half million votes against only three and a half million for the G. O. P. candidate.

He declared that more than two-thirds of the voters should have a programme, the object of which is to serve the changing needs of humanity and progress.

After reviewing the accomplishments of his administration, the President outlined what remained to be done. He said that our courts must be simplified and reformed, capital and labor must be brought to understand their common interests, natural resources must be developed and conserved, the votes of "forward looking men" must be recruited by the votes of women, the Americas, North and South, must be united in a new sympathy and co-operation, and we must put America at the service of the other nations when the European war is settled to help make that peace righteous and permanent.

Our motto, he said, must be "Co-Operation," for the interests of mankind can never again be served by aggression.

NORMAL WINS 47-0

BEAR CATS PILE UP LARGE SCORE ON HIGHLAND COLLEGE.

REAL FIGHT IS SHOWN

Line Plunging of Fullback Gerard and the Long Runs of Capt. Pickens Features of Game.

The Highland college football team of Highland, Kan., went down to an overwhelming defeat of 47 to 0 at the hands of the Normals on the Normal field yesterday. Maryville's goal was never seriously threatened. Coach Palfreyman's proteges swept the Highland team off its feet at the start and took all the fight out of it.

The most difference between the two teams was the class of real fight put up. It took the Missouri-Wesyelan game of last week to do for Maryville what the coaches could not do. The line plunging of fullback Girard and the long runs of Capt. Pickens at half were the features of the game. But the whole team showed up well. The Normal line moved down the field for great gains.

The shifting of Andrews from half to quarter and Capt. Pickens from quarter to half proved to be the find of the game. Time after time Pickens ploughed through the Highland team for great gains. He was grabbed, pushed and blocked, but he stumbled from one interference to another and they could not stop him.

Maryville chose the east goal and Highland kicked off. Scott failed to run back with the ball. Highland held the Normal and Gerard punted. Highland's ball. Highland was penalized 5 yards and Maryville held them for downs. Maryville's ball and Pickens went down the field for a 20-yard gain. Hubbard carried it for nine yards, Andrews for 17 yards and Pickens 8 yards for a touchdown. Girard kicked goal. Score, 7-0. Near the end of the quarter, Gerard went over for a touchdown and kicked goal. End of first quarter the score stood 14 to 0 in favor of Maryville.

During the second quarter Maryville was penalized 15 yards for interference and Byerrum was hurt, but played. Gerard took the ball over for a touchdown but failed to kick goal. Pickens got away around end for gains of 15, 20 and 25 yards. Score, 20-0. End of first half.

R. Null, the big Highland quarter, was knocked out in the third quarter and had to be taken out of the game. Benfer substituted. Andrews and Gerard each got away for a touchdown. And Gerard kicked goal. Score, 34 to 0.

During the third quarter Andrews ran half way across the field for a touchdown but it was not allowed. In the fourth quarter Pickens and Gerard each got a touchdown. Gerard kicked one goal. Score, 47-0.

During the third quarter Bird substituted for Pickens, Farmer for C. Sawyers and Gannon for Scott. But Pickens and Scott were replaced at the beginning of the fourth quarter.

Wray, referee. Moore, umpire.

The following were the lineups:

Highland—H. Parker, left end; C. Corbett, left tackle; D. Blevins, left guard; Holland, center; Lively, right guard; Ukena, right tackle; H. Bingham, right end; R. Null, quarter; H. Daub, left half; M. Bingham, right half; E. Parker, full back;

Maryville—C. Sawyers, left end; Hahn, left tackle; Nichols, left guard; Brown, center; H. Sawyers, right guard; Byerrum, right tackle; Scott, right end; Andrews, quarter; Hubbard, left half; Pickens, right half; Gerard, full back.

The next game on the Normal schedule will be next Friday, when the Normal team will journey to Liberty to meet the fast Jewell team. The best Maryville can hope is to hold William Jewell scoreless. Tarkio was defeated by William Jewell 9-0.

The next game at Maryville will be with Tarkio college, November 10. The Normal expects to win this game. It will be the big game of the season.

High School Notes

By WILLIAM VAN CLEVE

School will be dismissed Thursday and Friday of next week, in order that the teachers may be able to attend the sessions of the Northwest Missouri Teachers' association, to be held at the Normal at that time.

* * *

The high school orchestra has been asked to furnish music at the teachers' meeting, and will probably do so. Their new music has come and they are practicing frequently. Those in the orchestra at the present time are: Ruth Hankins, Clara Wray, Ralph Yehle, Henry Sawyers, Russell Allan, Claud Glass, Prof. Lewis J. Schultz and Virgil Rathbun. The orchestra is directed by Miss Dora Carpenter.

The only thing that remotely resembled an assembly last week was a meeting of the athletic association, which was held after school Monday. The meeting was held chiefly for the purpose of finding the reason for the poor support given the football team in their game with Savannah. During the meeting Miss Halley, Miss Rooker, Cassie Abshire and Ernest Daniels were called upon and responded with short talks.

The students are already preparing to make up for their poor support last Saturday. They maintain that had the game been played on Friday as originally scheduled, the school would have been well represented. At any rate, they are intending to come out in full force next Friday and help the team to a victory over Tarkio. An attractive sign has been put up in the hall announcing the game, and it has been attracting much attention. Tarkio always has a good team. They won the championship of northwest Missouri last year and are well up in the race this year. The outcome of the game here will have much to do with the awarding of the championship this year. They hold a 20-7 victory over Savannah, the team which defeated Maryville by one point. Clarinda, champions of southwest Iowa, defeated Tarkio 13-6.

The Maryville team is practicing hard, and if they show half the improvement they did in the Savannah game they will have a good chance to come out on top. They have been given several new plays and have also been strengthened on the defensive. They feel the need, however, of a good second team.

* * *

The following students have left school during the past week. Burdell Ewalt, Annice Neal, Sadie Neal and Ira Lewis. The Neal girls have moved to Burlington Junction. Burdell Ewalt has also left town.

* * *

The first big social stunt of the high school year takes place tonight, when the advanced seniors entertain the beginning eniors and the faculty. There will be about sixty present, of whom thirty-three are beginning seniors and twelve members of the faculty. The party will be in the nature of a Hallowe'en celebration, so if you see a bunch of young people (and some not so young) wending their way through the streets of Maryville toward the high school in aprons and overalls, they will not be advocates of the back-to-nature movement, but merely a bunch of seniors and their instructors, who have cast away their proverbial dignity for a few hours.

* * *

The first issue of the M. H. S. school paper will probably be printed in the latter part of next week and be ready for distribution in the first of the next. Every student ha shad the privilege of suggesting a name for the paper. A great number have been handed in and a name will be picked from these. All wishing a copy of the paper should see or call Eugene Yehle or Howard Martin.

E. G. Orear left yesterday for Jefferson City, where he will attend the annual meeting of the Jefferson City U. C. T. lodge. He is on the program for an address at the banquet they are to give.

TIMELY GARDENING HINT

Government Sends Out Instructions for Care of Strawberry Plants in Winter.

Preparation for winter should not begin for the strawberry bed until after the ground has frozen hard. The plants should then be covered over with straw, manure rich in straw, pine needles and small boughs, or tree leaves. Leaves are less desirable than the other mulching materials, since they pack very closely.

Those portions of the garden not occupied by perennial or winter crops should be spaded or plowed and left rough during the winter. The heavier the soil of the garden the more advantageous will such treatment prove.

GREAT FARM BODIES ENDORSE PRESIDENT

National Congress Grateful for Peace and Prosperity Under Wilson Administration.

LOYAL SUPPORT PLEDGED

Appreciative of Laws Enacted for Benefit of Farmers—Illinois Grain Growers Voice Like Sentiments.

Endorsing President Wilson's foreign policy, and applauding his courage and patriotism, the Farmers' National Congress of the United States, in its thirty-sixth annual session at Indianapolis, on Oct. 17, telegraphed hearty congratulations to the President. It also expresses appreciation of the Administration's "constructive and effective legislation enacted for the benefit of the farmers of America."

The President, unable to attend, sent Assistant Secretary of Agriculture Carl Vrooman to "convey to you my personal greeting and assurances of sympathy and good will. The loyal and effective support which has been given by your organization to further the passage of legislation in the interest of the farmer during the present Administration is most sincerely appreciated."

The Congress sent this reply:

"Your message of good will has been received with great enthusiasm. This Congress, at Omaha, September 30, 1915, adopted the following Resolutions:

"'Resolved,—That this Congress commends the foreign policy of President Wilson, while standing at the head of the American nation during one of the most critical and trying periods of its history.

"'Resolved,—That we express absolute confidence in his courage, patriotism and diplomatic ability.

"'Resolved,—That we offer him our loyal support in his effort to protect the rights of American citizens and to maintain impartial neutrality.'

"The Farmers' National Congress extends to you, as the Executive head of the Nation, its profound gratitude and appreciation of your successful efforts to keep the Nation honorably at peace during one of the most trying periods of its history.

"This body notes with grateful appreciation the constructive and effective legislation enacted for the benefit of the farmers of America during your administration with the loyal assistance of those representatives of all parties who have supported the President in his efforts to promote the general welfare. Accept our sincere thanks and assurances of continued loyalty."

The Farmers' Grain Dealers' Association of Illinois, in Convention at Decatur, adopted resolutions which, in part, stated:

"During the last three years there has been a record of unparalleled achievement in Federal legislation and administration in the interest of the farmer. This association acknowledges with gratitude the endeavors made and results accomplished in behalf of the development of agriculture and the advancement of the interests of the farmer, and tenders its grateful appreciation thereof."

Lincoln's Cousins for Wilson.

Among the 5,000 Pennsylvanians who journeyed to Shadow Lawn, N. J., on Saturday, Oct. 14, to hear President Wilson speak, were Alfred J. Lincoln and Richard Lincoln of Berks County, Pa. They are cousins of the martyred President and both announced they were going to vote for President Wilson.

BANK DEPOSITS REVEAL PROSPERITY OF FARMERS

That the farmer is getting a generous share of the national prosperity, is evidenced by preliminary reports from seven states, recently filed with the Comptroller of the Currency, in Washington. These show increases in bank deposits as follows:

Keeping Yourself Well

HOW YOU GET SICK

Sometimes you overload your stomach with rich foods. Your life may be an active one, and thus you may care for all you eat. But a few days of inactivity show your system does not call for so much. You awake in the morning tired. Your body feels heavy; you know you are not up to the mark. Your digestion has not cared for the overload. Part of it remains. It generates gas that inflames the delicate linings. They fail to pour out the digestive fluids and neglect to absorb the life-giving elements. You know something is wrong.

Your body gets weak, and soon opportunity is offered for some severe illnes.

Taken in time, the indigestion would not become serious. First remove the overload; then soothe the sore membranes; then build up the weakened body. It's simple to say, but not too easy to do. You need help.

A tonic that will quicken digestion, help remove waste, soothe the soreness and arouse the system—that's just what you need.

Peruna has an enviable record in this respect. It has aided many thousands in the last century to overcome just these conditions, and thereby prevent serious sickness.

The tablet form is convenient for regular administration.

LASHER EXHIBIT

200 PERSONS VIEW COUNTRY SCHOOL'S SPLENDID DISPLAY.

BLUE RIBBON AWARDS

Miss Anthony, C. H. Belting and Geo. Wamsley, Judges of Display—Dinner Served to Large Crowd.

About 200 persons viewed the agricultural and domestic science exhibits at the Lasher school, southwest of Maryville, yesterday afternoon. Although this was the first exhibit of the kind ever held by the school, the display would have been a credit to any school with years of experience in handling such events.

The affair under the supervision of the teacher, W. H. Burr, had been planned since the opening of school. Mr. Burr, assisted by Mrs. Burr, conducts a course in domestic science, the lessons being given once a week. The exhibits in both the agricultural and domestic science lines were considered so far above the average that they will probably be entered in the contests that will be held during the meeting of the Joint Teachers' association.

The school house was gaily decorated for the occasion in yellow and green, the autumn effect being obtained by using autumn leaves, maize and kale. The displays were in separate sections, each department in charge of one person. Miss Ella O'Grady was in charge of the fancy work department, Mrs. Charles Barrow was in charge of the children's exhibits, and Mrs. Lloyd Martin took charge of the fruit and baking exhibits of those over 14 years of age.

The judging was in charge of C. H. Belting and George Wamsley, who awarded the prizes for the agricultural exhibits, and of Miss Hettie Anthony, who decided the prize winners in the domestic science exhibit.

Short talks were made by Miss Anthony, Prof. A. W. Cooper of the Maryville Business college, and by Bert Cooper, county superintendent of schools. Miss Anthony spoke on "The Standard of Foods," and urged parents and teachers to place before children the proper standards in the selection and preparation of foods. She said that the same care should be taken in selecting these standards of foods as is taken in the selection of moral standards for the building of character. She advised teachers to instruct children regarding what and how to eat and to impress upon them especially the purpose of food, which is not mainly to satisfy the appetite, but to supply the body with the necessary materials for growth and development.

County Superintendent Cooper made a few remarks concerning the value of a rounded education for boys and girls.

"Some of the most efficient boys and girls of today," said Professor Cooper, "are those who have been educated in the country schools. The great man in this day of high food prices is the one who can raise the best corn and the most hogs. We need more farmers than ever. The reason for the high cost of living today is that there are more consumers than there are producers, and because of this more boys must be educated as farmers and less as members of the professions. The country school with the modern equipment is a great factor in producing the well trained and efficient farmer."

At noon a dinner was served to the visitors and to the following guests from Maryville: D. R. Eversole, W. O. Garrett, Aaron Felix, George McMurry, W. C. Pearson, Joseph Jackson, Jr., Professor A. W. Cooper, Miss Blanche Gann, Mrs. Minnie Wrightman, Mrs. Burr, Mr. and Mrs. J. H. Eckles, Jim Carpenter and Bert Cooper.

FOR WILSON DAY

DEMOCRATS ARE CELEBRATING PRESIDENT'S ACHIEVEMENTS.

SPEECH AT SHADOW LAWN

Tells Crowd That Interests of Mankind Can Never Again be Served By Aggression.

Special to The Democrat-Forum.

Shadow Lawn, Long Branch, N. J., Oct. 28.—The Democrats in every town and hamlet in the United States are today celebrating Wilson Day.

President Wilson pronounced here today a formal address as part of the celebration of "Woodrow Wilson Day." Throughout the nation today this address will be read by prominent Democrats and celebrations of the achievements of the President will be held.

In his address, or "message," the President said that four years ago there were two parties in the field which were under the influence of progress and adjustment—the Democratic and the Progressive. Together they polled nearly ten and a half million votes against only three and a half million for the G. O. P. candidate.

He declared that more than two-thirds of the voters should have a programme, the object of which is to serve the changing needs of humanity and progress.

After reviewing the accomplishments of his administration, the President outlined what remained to be done. He said that our courts must be simplified and reformed, capital and labor must be brought to understand their common interests, natural resources must be developed and conserved, the votes of "forward looking men" must be recruited by the votes of women, the Americas, North and South, must be united in a new sympathy and co-operation, and we must put America at the service of the other nations when the European war is settled to help make that peace righteous and permanent.

Our motto, he said, must be "Co-Operation," for the interests of mankind can never again be served by aggression.

NORMAL WINS 47-0

BEAR CATS PILE UP LARGE SCORE ON HIGHLAND COLLEGE.

REAL FIGHT IS SHOWN

Line Plunging of Fullback Gerard and the Long Runs of Capt. Pickens Features of Game.

The Highland college football team of Highland, Kan., went down to an overwhelming defeat of 47 to 0 at the hands of the Normals on the Normal field yesterday. Maryville's goal was never seriously threatened. Coach Palfreyman's proteges swept the Highland team off its feet at the start and took all the fight out of it.

The most difference between the two teams was the class of real fight put up. It took the Missouri-Wesyelan game of last week to do for Maryville what the coaches could not do. The line plunging of fullback Girard and the long runs of Capt. Pickens at half were the features of the game. But the whole team showed up well. The Normal line moved down the field for great gains.

The shifting of Andrews from half to quarter and Capt. Pickens from quarter to half proved to be the find of the game. Time after time Pickens ploughed through the Highland team for great gains. He was grabbed, pushed and blocked, but he stumbled from one interference to another and they could not stop him.

Maryville chose the east goal and Highland kicked off. Scott failed to run back with the ball. Highland held the Normal and Gerard punted. Highland's ball. Highland was penalized 5 yards and Maryville held them for downs. Maryville's ball and Pickens went down the field for a 20-yard gain. Hubbard carried it for nine yards, Andrews for 17 yards and Pickens 8 yards for a touchdown. Girard kicked goal. Score, 7-0. Near the end of the quarter, Gerard went over for a touchdown and kicked goal. End of first quarter the score stood 14 to 0 in favor of Maryville.

During the second quarter Maryville was penalized 15 yards for interference and Byerrum was hurt, but played. Gerard took the ball over for a touchdown but failed to kick goal. Pickens got away around end for gains of 15, 20 and 25 yards. Score, 20-0. End of first half.

R. Null, the big Highland quarter, was knocked out in the third quarter and had to be taken out of the game. Benfer substituted. Andrews and Gerard each got away for a touchdown. And Gerard kicked goal. Score, 34 to 0.

During the third quarter Andrews ran half way across the field for a touchdown but it was not allowed. In the fourth quarter Pickens and Gerard each got a touchdown. Gerard kicked one goal. Score, 47-0.

During the third quarter Bird substituted for Pickens, Farmer for C. Sawyers and Gannon for Scott. But Pickens and Scott were replaced at the beginning of the fourth quarter.

Wray, referee. Moore, umpire.

The following were the lineups:

Highland—H. Parker, left end; C. Corbett, left tackle; D. Blevins, left guard; Holland, center; Lively, right guard; Ukena, right tackle; H. Bingham, right end; R. Null, quarter; H. Daub, left half; M. Bingham, right half; E. Parker, full back;

Maryville—C. Sawyers, left end; Hahn, left tackle; Nichols, left guard; Brown, center; H. Sawyers, right guard; Byerrum, right tackle; Scott, right end; Andrews, quarter; Hubbard, left half; Pickens, right half; Gerard, full back.

The next game on the Normal schedule will be next Friday, when the Normal team will journey to Liberty to meet the fast Jewell team. The best Maryville can hope is to hold William Jewell scoreless. Tarkio was defeated by William Jewell 9-0.

The next game at Maryville will be with Tarkio college, November 10. The Normal expects to win this game. It will be the big game of the season.

High School Notes

By WILLIAM VAN CLEVE

School will be dismissed Thursday and Friday of next week, in order that the teachers may be able to attend the sessions of the Northwest Missouri Teachers' association, to be held at the Normal at that time.

* * *

The high school orchestra has been asked to furnish music at the teachers' meeting, and will probably do so. Their new music has come and they are practicing frequently. Those in the orchestra at the present time are: Ruth Hankins, Clara Wray, Ralph Yehle, Henry Sawyers, Russell Allan, Claud Glass, Prof. Lewis J. Schultz and Virgil Rathbun. The orchestra is directed by Miss Dora Carpenter.

* * *

The only thing that remotely resembled an assembly last week was a meeting of the athletic association, which was held after school Monday. The meeting was held chiefly for the purpose of finding the reason for the poor support given the football team in their game with Savannah. During the meeting Miss Halley, Miss Rooker, Cassie Abshire and Ernest Daniels were called upon and responded with short talks.

The students are already preparing to make up for their poor support last Saturday. They maintain that had the game been played on Friday as originally scheduled, the school would have been well represented. At any rate, they are intending to come out in full force next Friday and help the team to a victory over Tarkio. An attractive sign has been put up in the hall announcing the game, and it has been attracting much attention. Tarkio always has a good team. They won the championship of northwest Missouri last year and are well up in the race this year. The outcome of the game here will have much to do with the awarding of the championship this year. They hold a 20-7 victory over Savannah, the team which defeated Maryville by one point. Clarinda, champions of southwest Iowa, defeated Tarkio 13-6.

The Maryville team is practicing hard, and if they show half the improvement they did in the Savannah game they will have a good chance to come out on top. They have been given several new plays and have also been strengthened on the defensive. They feel the need, however, of a good second team.

The first big social stunt of the high school year takes place tonight, when the advanced seniors entertain the beginning eniors and the faculty. There will be about sixty present, of whom thirty-three are beginning seniors and twelve members of the faculty. The party will be in the nature of a Hallowe'en celebration, so if you see a bunch of young people (and some not so young) wending their way through the streets of Maryville toward the high school in aprons and overalls, they will not be advocates of the back-to-nature movement, but merely a bunch of seniors and their instructors, who have cast away their proverbial dignity for a few hours.

The first issue of the M. H. S. school paper will probably be printed in the latter part of next week and be ready for distribution in the first of the next. Every student ha shad the privilege of suggesting a name for the paper. A great number have been handed in and a name will be picked from these. All wishing a copy of the paper should see or call Eugene Yehle or Howard Martin.

TIMELY GARDENING HINT

Government Sends Out Instructions for Care of Strawberry Plants in Winter.

Preparation for winter should not begin for the strawberry bed until after the ground has frozen hard. The plants should then be covered over with straw, manure rich in straw, pine needles and small boughs, or tree leaves. Leaves are less desirable than the other mulching materials, since they pack very closely.

Those portions of the garden not occupied by perennial or winter crops should be spaded or plowed and left rough during the winter. The heavier the soil of the garden the more advantageous will such treatment prove.

This New Hoosier Cabinet Delivered for Only $1.00

Will another day end this sale? The public alone can answer.

THE IMMEDIATE CLOSING of this sale may be caused Monday by a number of women who enroll on this Hoosier Plan. If all the women who need Hoosiers should come tomorrow, our allotment would be taken before night and the sale would close. This has happened in many similar sales throughout the country. On the other hand, if women delay, the sale may last all week. This, too, has happened. Which now is the best for you—to delay and take the chances of missing this opportunity, or to come down tomorrow and find out about this cabinet so you can decide before it is too late?

It cannot take you ten minutes to decide, once for all, whether you intend to purchase now or later. And you are deciding, remember, whether or not you will save miles of unnecessary steps you now take.

GREAT FARM BODIES ENDORSE PRESIDENT

National Congress Grateful for Peace and Prosperity Under Wilson Administration.

LOYAL SUPPORT PLEDGED

Appreciative of Laws Enacted for Benefit of Farmers—Illinois Grain Growers Voice Like Sentiments.

Endorsing President Wilson's foreign policy, and applauding his courage and patriotism, the Farmers' National Congress of the United States, in its thirty-sixth annual session at Indianapolis, on Oct. 17, telegraphed hearty congratulations to the President. It also expresses appreciation of the Administration's "constructive and effective legislation enacted for the benefit of the farmers of America."

The President, unable to attend, sent Assistant Secretary of Agriculture Carl Vrooman to "convey to you my personal greeting and assurances of sympathy and good will. The loyal and effective support which has been given by your organization to further the passage of legislation in the interest of the farmer during the present Administration is most sincerely appreciated."

The Congress sent this reply:

"Your message of good will has been received with great enthusiasm. This Congress, at Omaha, September 30, 1915, adopted the following Resolutions:

"'Resolved,—That this Congress commends the foreign policy of President Wilson, while standing at the head of the American nation during one of the most critical and trying periods of its history.

"'Resolved,—That we express absolute confidence in his courage, patriotism and diplomatic ability.

"'Resolved,—That we offer him our loyal support in his effort to protect the rights of American citizens and to maintain impartial neutrality.'

"The Farmers' National Congress extends to you, as the Executive head of the Nation, its profound gratitude and appreciation of your successful efforts to keep the Nation honorably at peace during one of the most trying periods of its history.

"This body notes with grateful appreciation the constructive and effective legislation enacted for the benefit of the farmers of America during your administration with the loyal assistance of those representatives of all parties who have supported the President in his efforts to promote the general welfare. Accept our sincere thanks and assurances of continued loyalty."

The Farmers' Grain Dealers' Association of Illinois, in Convention at Decatur, adopted resolutions which, in part, stated:

"During the last three years there has been a record of unparalleled achievement in Federal legislation and administration in the interest of the farmer. This association acknowledges with gratitude the endeavors made and results accomplished in behalf of the development of agriculture and the advancement of the interests of the farmer, and tenders its grateful appreciation thereof."

Lincoln's Cousins for Wilson.

Among the 5,000 Pennsylvanians who journeyed to Shadow Lawn, N. J., on Saturday, Oct. 14, to hear President Wilson speak, were Alfred J. Lincoln and Richard Lincoln of Berks County, Pa. They are cousins of the martyred President and both announced they were going to vote for President Wilson.

Keeping Yourself Well

HOW YOU GET SICK

Sometimes you overload your stomach with rich foods. Your life may be an active one, and thus you may care for all you eat. But a few days of inactivity show your system does not call for so much.

You awake in the morning tired. Your body feels heavy; you know you are not up to the mark. Your digestion has not cared for the overload. Part of it remains. It generates gas that inflames the delicate linings. They fail to pour out the digestive fluids and neglect to absorb the life-giving elements. You know something is wrong.

Your body gets weak, and soon opportunity is offered for some severe illnes.

Taken in time, the indigestion would not become serious. First remove the overload; then soothe the sore membranes; then build up the weakened body. It's simple to say, but not too easy to do. You need help.

A tonic that will quicken digestion, help remove waste, soothe the soreness and arouse the system—that's just what you need.

Peruna has an enviable record in this respect. It has aided many thousands in the last century to overcome just these conditions, and thereby prevent serious sickness.

The tablet form is convenient for regular administration.
